

ESPN WG Inherited Kidney Diseases webinar – Tuesday 18 April 2023

Dear Colleagues

We believe we have put together an interesting program and are delighted that renowned speakers have agreed to present. We are also happy to expand our continued collaboration with our colleagues from the working group “Genes&Kidney” in ERA. It is our special pleasure to welcome Elena Levtchenko as the WG’s liaison person to ERA as a moderator, Albertien van Eerde as a speaker and Emilie Cornec-Le Gall from the WG “Genes and Kidney” from ERA as a moderator.

Moderators: Elena Levtchenko, George-Claudiu Costea and Emilie Cornec -Le Gall

4.30 PM CET: Francesco Emma/Detlef Bockenhauer: Updates on the management of Bartter and Gitelman syndrome.

5 PM CET: George-Claudiu Costea: To know or not to know...not your typical Dent family

5.15 PM CET: Albertien van Eerde: Look beyond your typical horizon: genetic kidney diseases in adults

5.45 PM CET Max Liebau: Concluding remarks from the WG

Best wishes,
Max Liebau
Gema Ariceta
